INDUSTRY FEEDBACKS

VOICES OF OUR EXHIBITORS

Ah-Met Asansör - Kemal Uyumaz

“ This year the fair is busy, we are very pleased. We have welcomed both local and international clients, as well as new visitors. The organization is good, we observed an active participation. We are experiencing a good fair in terms of both exhibitors and visitors. We are looking forward for 2022. We have already secured our space. ”

Arkel - Cenk Ceylan

“ We had the opportunity to host our clients from many different countries. Hence the term ‘international’, doesn’t remain in the fair’s name only, I’d like to congratulate the organization. We think it is an important fair for the industry. We plan to participate in the next fair as well. ”
